

Dear Martin and Tony

Thank you for your letter of 7 Feb.

We appreciate your offer of practical support for the herbarium. As I'm sure you can understand the re-organisation and hand over of knowledge is taking place now and over the next few weeks as we transition into the new structure at the trust. We will be better placed to provide more detail about the practical arrangements of the collections, including the herbarium towards the end of March.

Kind regards

Jane
