

***Alchemilla filicaulis* Buser subsp. *vestita* M. E. Bradshaw****Hairy Lady's-mantle  
1597-2006****National Status : Not Scarce, Native****S Hants : Extinct or Rare**

Native

Also recorded in recent years in Godshill area (SU11S), and historically in West Wellow / Copythorne area (SU21Z), Ditcham Woods, and West Hurn near Bournemouth (SZ19I).

**Stoke Park Woods SU4719 1979**

**N Hants: Rare**

Native

Recorded historically by John Gerard 'In the towne pastures by Andover' (possibly SU34S) in 1597. An 1830 record for 'Fosbury Wood, near Andover' supported by a specimen at BM, might refer to Oakhill Wood at Fosbury which is just across the county border in VC8. Lost from several old sites and apparently only surviving now at Cow Down Copse.

**Andover SU3756 1979**

**Cow Down Copse SU5850, SU5851 1958-2006**
