

## Barry Goater's botany book collection

Following Barry's death this year, the executors (his sons) very generously allowed me to take charge of his botany books to sell them, with the proceeds going to the Hampshire Flora Group and the BSBI nationally. Below you will find a catalogue of all items. Money from priced items will be split with  $\frac{2}{3}$  going to the Hampshire Wildlife Trust on behalf of the Flora Group and  $\frac{1}{3}$  to the BSBI. For items marked "(Donation)" you can offer what you think is appropriate, and all money from those will go to the Wildlife Trust / Flora Group.

If you wish to buy any item, please contact me (vc11recorder@hantsplants.net, or by phone (text or call): 07531 461442). I will deal with purchases on a "first come, first served" basis. I don't propose in general to send items out: you can collect them by prior arrangement from my home or at any (Flora Group or BSBI recorder's) field trip. You can pay me by bank transfer (ask for details); by PayPal (you don't need to be a registered PayPal user yourself; again, ask me for details); in cash at time of collection; or by cheque (this is my least favourite as I no longer have any bank branch near me).

I shall keep an account of money collected which I will update periodically and supply to the two beneficiaries. So far we have collected £828. The books that remain unsold are listed below.
